

Roberts Kārlis Šmits

DevOps Engineer

 roberts365653@gmail.com  +371 27789101  Riga, Latvia  Github  rksmits.com  LinkedIn

Professional Summary

Results-driven DevOps Engineer with hands-on experience in cloud infrastructure automation and integration development. Specialized in designing, implementing, and maintaining scalable systems across Oracle Cloud Infrastructure (OCI) and Microsoft Azure environments. Proven track record of optimizing deployment pipelines, reducing manual intervention, and implementing robust automation frameworks. Driven by solving complex infrastructure challenges and accelerating delivery cycles while maintaining system reliability and security.

Core Expertise: Infrastructure as Code, CI/CD Automation, Cloud Architecture, Configuration Management

Passion: Refactoring and improving code/infrastructure

Professional Experience

Accenture Baltics

04/2024 – present	DevOps Engineer <ul style="list-style-type: none">- Manage day-to-day DevOps operations across OCI and Azure, including CI/CD, infrastructure automation, and cloud resource optimization.- Designed and maintained CI/CD pipelines for deployments, server provisioning, artifact packaging, and testing.- Developed infrastructure-as-code solutions using Terraform (OCI) and Bicep (Azure) to ensure consistent, reproducible environments.- Migrated legacy infrastructure to modern, maintainable formats and improved deployment efficiency.- Developed custom monitoring, alerting.- Collaborated with dev teams to streamline delivery pipelines, enforce best practices, and support production systems.	Riga, Latvia
04/2022 – 04/2024	Intern → Junior Developer → Cloud Integration Developer <ul style="list-style-type: none">- Gained experience in API integrations, data migration, and automation workflows using MuleSoft in several enterprise-scale projects.- Worked on client solutions involving advertising automation and enterprise data systems.- Built foundational skills in cloud platforms, integration logic, and collaboration in cross-functional agile teams.	Riga, Latvia
